

What's New at Deerhurst Resort!

The last couple of years have seen a slower start to the winter season, but with the recent snow fall, colder temperatures and more snow predicted in the 14 day forecast, it's looking like our **Winter Wonderland** is here to stay!

We hope you will enjoy our December Resort Home Owners newsletter, as it is designed to keep you up to date on the highlights and new things happening at Deerhurst Resort.

New Website

Our website is the most important marketing tool we have and the first impression that many potential customers will see. Therefore, I am pleased to announce that our Marketing team has launched a new website which features a more attractive design that is easier to navigate and mobile friendly! See a snap shot below – or better, experience the new site for yourself at www.deerhurstresort.com!

From our website you can view seasonal menus, hours of operations, book activities, spa, golf and dining reservations online and more. We do hope our resort home owners are viewing the website regularly to keep current on our offerings and activities.

Coming soon – A **Resort Home Owner portal** will be added to the Deerhurst Resort website shortly. This website section will be designed to serve as information resources for our existing Resort Home Owners and those considering purchasing at Deerhurst Resort.
